GRADUATE SCHOOL OF EDUCATION MESSAGE

Greetings to One and All!

Welcome to the website of the Philippine Christian University Graduate School!

Proud to be a distinctively strong Christian University, we are propelled by our Vision to “build and enhance quality of life by integrating Faith, Character, and Service” in developing Graduate Students in Education to a high level of scholarship and commitment to God and society.

More than six decades ago, we were a struggling neophyte in the industry. Thanks for the combined efforts and support of the Methodist Church, the United Church of Christ in the Philippines, our Alumni who have earned distinctions in their respective fields, our patrons, and partners, locally and abroad, the PCU Graduate School has metamorphosed to become one of the country’s leading institutions in Graduate Education today.

From the capital City of Manila, Philippines, the Graduate School Master’s and Doctoral programs in Education have crossed lands and seas to reach out to teachers in distant places, capacitating them to provide continuing quality education to their students.

Should additional information be desired about the PCU Graduate School of Education, we’ll be glad to be of service.

KATHLEEN ROSE L. GUIMBATAN, Ed.D.

Vice President for Academic Affairs

Concurrent Dean, Graduate School of Education
