COLLEGE OF INFORMATICS (COI)

If you are looking for a school that envisions graduates with a passion for excellence and dedication to providing innovative solutions with a strong focus on the human use of computing that helps people interact with technology in the most effective and efficient way possible, we are delighted to welcome you to Philippine Christian University College of Informatics.

Our goal is to enable students with the opportunity to apply theoretical knowledge in the workplace. This, combined with our state-of-the-art facilities, provides our students with limitless opportunities to become proficient in the field of informatics as they gain hands-on experience in our electronics and computer laboratories, as well as industry immersion.

Our academic programs allow you to explore with different specializations, making you more marketable to companies worldwide. As a result, our graduates are always offered jobs before they graduate.

VISION

The College of Informatics will be the premier choice for students aspiring to be technological innovators and leaders who shape the future.

MISSION

Committed to educational excellence and leadership in research, scholarly activities, and partnership with industry, government, and communities.

In achieving our vision and mission, we:

- Create an innovative educational environment that promotes success through flexible curriculum, industry immersion, and state-of-the-art laboratories, classrooms and technologies
- Increase our faculty and students' research and scholarly productivity
- Collaboration with industry, alumni and communities for students and faculty to engage actively in opportunities to advance learning, professional preparedness, and research development
- Steward God-given talents, influence, and resources to promote positive change, integrity, and Christ's love professional life.

OUR PROGRAMS

UNDERGRADUATE PROGRAMS:

Bachelor of Science in Computer Engineering
Bachelor of Science in Computer Science
Bachelor of Science in Information Technology
Bachelor of Science in Information System
Bachelor of Science in Entertainment and Multimedia Computing Major in Digital Animation
Bachelor of Science in Entertainment and Multimedia Computing Major in Game Development
Bachelor of Multimedia Arts

GRADUATE SCHOOL PROGRAM

Master of Information Technology

Major in:

- *Data Analytics*
- *Software Development*

INDUSTRY PARTNERS

Configuring the Past, Programming the Present Engineering the Future

MILESTONES:

- *The Philippine Association of Colleges and Universities Commission on Accreditation (PACUCOA) granted Associate status for our BS Computer Engineering and BS Information Technology programs*

- *The signing of a Memorandum of Understanding (MOU) with Nexus Technologies, Inc. and PrinceTechnology Corporation last December 6, 2022.*

- *Research Collaboration of Students and Faculty Members has been accepted for publication December issue in the Vector International Journal of Emerging Science, Technology and Management (IJESTM) with an eISSN of 2945-4107 is a peer-reviewed open access journal.*

- *One research paper by a Faculty Member has been accepted for publication December issue of the Asian Journal of Education and Human Development (ISSN: 2719-1842)*

- *One Paper was submitted for peer review then eventually for presentation in kumamoto University, Japan this coming December 2023.*
