## Vision

A distinctively strong Christian High School committed to the development of Faith, Character, and Service.

## Mission

We, at the Philippine Christian University Union High School of Manila, a church-related academic secondary school, are committed to provide the youth with an education which will awaken in them a true love of God and their fellowmen, and to equip them with sufficient knowledge and skills necessary to make them productive, responsive, and creative members of family, the school, and society in general.

We believe in offering the same program of education to the young people regardless of color, creed, and religious persuasion as long as they are willing to follow the regulations and programs of this evangelical school.
